

City of Solana Beach

As a result of the COVID-19 pandemic, the City of Solana Beach has declared a Local Emergency. Consequently, the City has closed all nonessential City facilities to ensure the safety of the public, City employees and the communities we serve. This includes the temporary closure of City Hall to the public.

Selected staff members are now telecommuting and will respond to email and voice messages as soon as possible.

Please be patient with us as we manage during this difficult time to ensure that we are protecting the health, safety and welfare of the public and City staff during this emergency.

Thank you.
