Angela,

Please see attached alternate to the publicly posted map #506. Note that this is only slightly tweaked to provide a more homogenous division of regions 4 and 5 grouping in the western portion of the city. The map will require some population breakouts by the demographer to confirm the math.

Could you please include this on the drafts webpage prior to tonight's meeting?

Thanks,

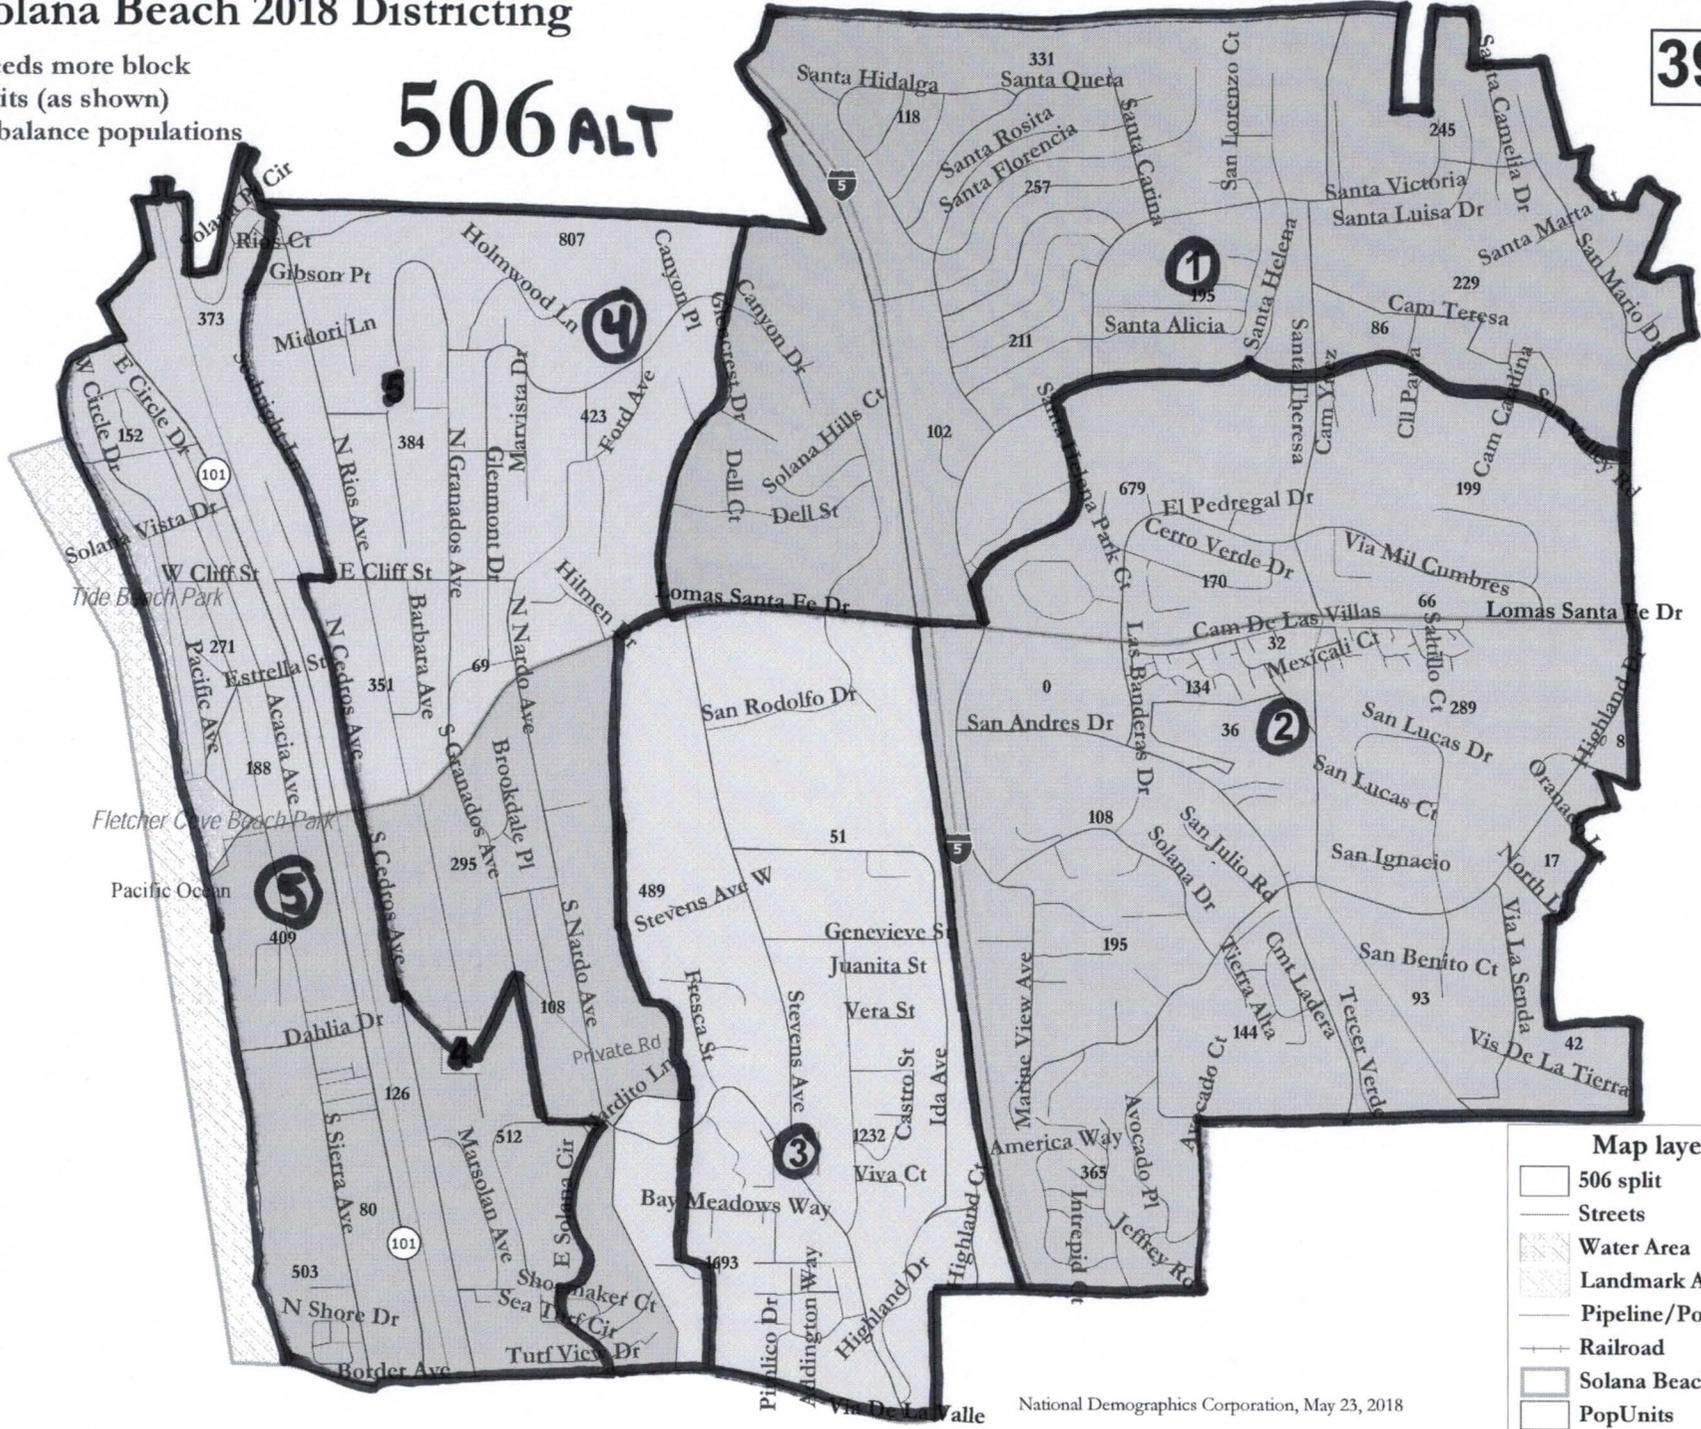

Greg

Solana Beach 2018 Districting

Needs more block splits (as shown) to balance populations
